## **Shimco Set for Participation at Two Key Aerospace Events in USA and Singapore**

***In February, Shimco will attend the PNAAC conference and Singapore Airshow.***

MARKHAM, Ontario (February 1, 2016) – Shimco, a world-wide leader in the manufacture of precision parts and gap-management solutions is set to join leading Ontario aerospace companies at the Pacific Northwest Aerospace Alliance (PNAAC) conference in Seattle February 9-11 and the Singapore Airshow February 16-21. Peter Voss, President, CEO and Owner of Shimco will be representing the company at both key aerospace events, and is presenting a technology seminar on day three of the Singapore Airshow.

The [PNAAC](#) is a 3-day event that delivers vital industry intelligence and analysis about the aerospace marketplace and supply chain in a venue hosting hundreds of executives from leading aerospace companies from around the world.

As Asia's largest aerospace and defence event, the [Singapore Airshow](#) brings together the global aerospace community and key commercial, government and military delegations. As part of the Ontario Showcase, Shimco will be one of many represented leading Ontario aerospace, defence/security and aviation firms in the Canadian Pavilion. Participation at both trade events are in collaboration with the Ontario Aerospace Council (OAC).

On February 18<sup>th</sup> during the Singapore Airshow, Peter Voss will present an in-depth [technology seminar](#) on 'Plasma Electrolytic Oxidation (PEO) – The Coating of the Future' that will explain how a PEO coating can be customized to meet requirements and make final products lighter, last longer and perform better. The technology seminars are a key attraction of the Singapore Airshow.

"February will be a milestone month for Shimco," comments Voss. "In addition to our participation at the PNAA conference that provides informative trends and forecasts impacting the aerospace industry, we are making a debut appearance at the Singapore Airshow. The Singapore Airshow show will provide the opportunity to meet with key decision-makers and strategic partners and promote our precision parts and gap-management solutions, and is an important part of our expansion strategy in the Asian market. And, at the end of the month, we will be fully operational in our brand new state-of-the-art facility in Cambridge, Ontario, marking the next exciting chapter in Shimco's 25-year history."

### **About Shimco**

For over 25 years, Shimco has served the aerospace, defense, space, industrial and other sectors worldwide. Shimco is a world-wide leader in the manufacture of precision parts and gap management solutions (such as laminated and edge-bonded shims, tapers and spacers), in materials ranging from aluminum and titanium through to synthetics and composites.

Shimco offers a tradition of **innovation**, **precision** and **execution**, providing solutions that conform to exacting international and customer-specific standards. Shimco is registered with the Canadian Controlled Goods Program and is an ISO9001:2008 & AS9100C registered company. Our commitment to quality, on-time delivery, lean manufacturing, customer support, the environment and financial strength is unparalleled. Canadian Headquarters are currently located in Markham, Ontario with a move in February, 2016 to a new state-of-the-art manufacturing facility in Cambridge, Ontario.

We are dedicated to be a preferred strategic partner to global aerospace, space and defence OEMs and Tier 1 system integrators, suppliers and MRO organizations, providing value and service on everything that flies.
