Shimco to Exhibit at MRO Europe 2014 in the Ontario Pavilion

Shimco will join other leading Ontario aerospace companies October 8-9, 2014 in Madrid, Spain.

MARKHAM, Ontario (October 01, 2014) – Shimco, [a leader in manufacturing precision parts, laminated and edge bonded shims, tapers and spacers](#), announced today their participation at the MRO Europe exhibition to be held at IFEMA in Madrid, Spain from October 8-9, 2014. In the Ontario Pavilion booth #788 Shimco will present its extensive range of custom manufactured products of solid, laminated, edge bonded and tapered shims, laminated sheets and precision machined parts.

[MRO Europe](#) is Europe's leading conference and exhibition where airlines, MROs, suppliers, OEMs, regulators, lessors, and industry experts converge to explore and define the aviation maintenance industry. In its 16th year of operation, MRO Europe 2014 is expected to draw over 5,000 trade visitors from 80 countries, host over 400 top-tier solution and service providers and attract international trade press representing all facets of the MRO industry.

Six established Ontario companies will have the opportunity to exhibit in the Ontario Pavilion at MRO Europe. The International Trade Branch, Government of Ontario assists Ontario companies to access international markets by establishing partnerships and distribution channels, and by providing assistance to foreign companies interested in sourcing Ontario products, technology and services.

Peter Voss, President and Owner of Shimco, commented: "Europe has been a focus market for us and we have been successful in bringing on many new strategic customers. We will continue to invest and grow in the European supply chain, both in the OEM and MRO sectors. With our wide range of custom manufactured products and capabilities, strong presence in OEM spares and AOG support around the world, this show is an ideal venue for Shimco."
