Shimco to Attend PNAAs 2014 Aerospace Conference & Suppliers Fair

The conference will take place February 4-6 in Lynnwood, Washington.

MARKHAM, Ontario (January 28, 2014) – Shimco, [a leader in manufacturing precision parts, laminated and edge-bond shims, tapers and spacers](#), announced today their participation at the Pacific Northwest Aerospace Alliance (PNAAs) 2014 Aerospace Conference & Suppliers Fair to be held February 4-6 in Lynnwood, Washington. This year's conference will focus on what's driving change in the aerospace industry.

Each year, PNAAs assembles an internationally recognized team of analysts and experts from the industry to provide one of the most comprehensive programs in the United States. PNAAs now hosts the largest conference in its sector on the US West Coast. More than 425 people from nearly 300 companies from the Americas, Europe and Asia attended the 2013 Conference and Suppliers Fair.

Shimco will be a part of the Ontario Program at PNAAs led by The Ontario Ministry of Economic Development, Trade and Employment, together with the Ontario Aerospace Council in cooperation with the Consulate General of Canada in Seattle. Through hosted networking events, the program provides participating Ontario companies an opportunity to meet and network with OEM and supplier executives from a range of areas including aerospace manufacturing, purchasing, logistics, information systems and technology, and engineering, as well as introduction to knowledgeable and well-connected local consultants.

Peter Voss, President of Shimco, states, "As we focus primarily on aerospace applications and partner with many industry-leading OEM aerospace companies including Airbus, Boeing, Bombardier, and Embraer, the PNAAs is an important conference for Shimco to attend. With an informative agenda including key speakers from leading aerospace companies and being part of the Ontario Program, the event is an ideal opportunity to connect with business leaders and key executives in the aerospace industry."
